Subject: Morgan's Point Collision [Update 03.11.15]
Date: Wednesday, March 11, 2015 10:55:02 AM

- Media Line/PIO (832-293-1293)
- Questions from Public (281)-464-4898
- EPA received the first NRC report from a citizen. According to the CG, there is a sheen unrelated to the Morgan's Point Collision and from a tank farm located on the Shores of Goose Creek. USCG team currently assessing the site and requested EPA assistance. Referred to Bill Rhotenberry/Bryant Smalley.
- Received a copy of the salvage plan discussing damage and response actions planned
- START is still onsite and will be there until Friday with no work scheduled on the weekend. Will assess site status on Friday to see if they need to stay longer.
- USCG FOSC requested potential assistance from EPA for review of the disposal plan. Trying to find an internal resource for review.
